Dear Fellow Rotarians,

HIV/AIDS is the world's gravest global crisis, rapidly unraveling undoing years of progress in world child development. Equally disturbing, only a fraction of the young sufferers knows how they became infected or are familiar with the ways they can protect themselves from the disease.

The effect on children, families and communities is most traumatic in sub-Saharan Africa where more than 28 million people are infected with AIDS.

We are asking all District 7230 clubs to consider and support the project, described in the outline attached. We welcome your club's contribution of \$500 or more to this important District project, "AIDS Plus." The program focuses on building dormitory style facilities for orphans at Bettie's Haven; education and counseling for victims and local people; and school tuition assistance for Ugandan children.

This is a pilot for ongoing programs to address the AIDS plague on several fronts. Your club participation will fulfill a Rotary objective of International Service and further peace and understanding.

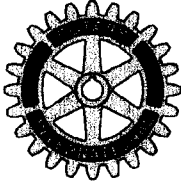

Contributions received will be acknowledged and held in the District 7230 Foundation. A South African bank has agreed to match up to \$50,000. We will ask Rotary International Foundation to approve a grant, which will give SHARE credit to each club's account with the Rotary Foundation. This means your club's gift of \$500 or more, becomes \$1,000 if the Rotary Foundation grant comes through.

Please make out your check "Rotary District 7230 Foundation" and mail it to PDG Dr. Glen Nygreen at the address below.

Yours in Rotary Service
